CONTEST RULES

STATEMENT OF PURPOSE

Our Fishing Rules have evolved internationally so that, in their observance every fish should have a sporting chance. Captures in which the fish has not fought, or in which the fish has not had the chance to fight, on the gaff rope or at the boat, are not caught within the intent of our rules and do not reflect credit on the fish or the angler. Only fish caught within the Whangarei Deep Sea Anglers' Club & NZSFC Angling Rules, incorporating the IGFA Equipment and Angling Regulations, and within the intent of these rules will be recognised. We, as the Committee of the Whangarei Deep Sea Anglers' Club, reserve the right to call a witness boat to verify a catch.

ELIGIBILITY

Anglers must be current financial members of the WDSAC or a club affiliated to the NZSFC. A team may be comprised of any number of anglers with a **minimum of two anglers**. If visiting anglers are not able to produce current membership cards, their membership will be checked through the secretary of their club. Failure to be a financial member of a club will result in disqualification from the contest. Team captains are responsible for this. **All fish are to be credited to WDSAC.**

SMALL BOAT DEFINITION

Maximum **8** metres overall hull length - does not include "Added on" bowsprits or duckboards. All boats 4-5 metres or under, should have a foredeck and windscreen attached to their vessel.

SAFETY

All boats must carry flares, life jackets for all people on board and also must have either a radio or cell phone in working condition - It is the skipper's responsibility to ensure that the vessel is capable of going to sea at all times. With this in mind, **All Skippers MUST sign a statutory declaration prior to start fishing.** The Committee reserves the right to cancel any entrant whose vessel is in our opinion found to be unseaworthy.

RADIOS

All boats must have either VHF or CELLPHONE. Those with hand held radios must stay in visual contact with another boat.

VHF channel 07 is a public channel – the use of this channel is a privilege and not a right. Any team who is found to abuse this privilege by the use of extended offensive language or behaviour will be disqualified from the tournament and entry fees will not be refunded.

It is essential that you call in your catch to Tutukaka Gamebase over the VHF just as soon as possible – this will be recorded as the time of capture (according to the tournament clock). Tutukaka Gamebase will be operating on VHF Channel 7 - If you are outside VHF and cell range and have tagged and released a Marlin you must photograph or record your vessel underway and fishing again as soon as practicable after releasing the fish and continue your attempts to reach Tutukaka Gamebase on VHF or cell.

FISH, ANGLER, TEAM NUMBER, BOAT, EST. WEIGHT FOR TAGGED FISH, LINE WEIGHT, TAG NUMBER IF TAGGED, LURE TYPE & AREA.

ESTIMATING WEIGHTS FOR TAGGING

If you have a concern that you can not establish the size of a fish whilst it is in the water, an easy method to ascertain it's weight is to get an ordinary piece of household ribbon; cut it into 2.3 to 2.4 metres long, with an ordinary safety pin on one end. As the leader comes up, place the tag first, then slip the safety pin over the leader and let the ribbon go down the leader and run along the side of the fish while it is in the water. If the fish is longer than the ribbon, the fish is over 90 kg.

PLEASE: NO CLEANING OR DISPOSING OF FISH WITHIN THE HARBOUR
